I was putting my email in the BSWCD Agenda Item documents and noticed it read "n Stare" it should have read in Starke.

Thanks,

Subject: Fw: Draft Renewal Permit FL0000051-15-IW3S Trailridge Mine

I have had some internet access issues and lost your July 2 email.

Amy Morie and I are both elected Supervisors on the Bradford Soil and Water Conservation District (BSWCD) and have restrictions about discussions outside a public meeting. Since a challenge to the Chemours permit may be discussed by the BSWCD we both could not meet with DEP at the same time in Jacksonville.

I believe if DEP held the meeting in Stare and advertised the meeting was open to the public we both could attend.

Can DEP supply a current draft of the permit?

Thanks,
Paul Still
